

D-5600NS / ZC-600 Bulk

Description

D-5600NS-Citra Safe® is an all natural surface prep cleaner that has gained wide acceptance in the aviation industry. It is an environmentally acceptable alternative to many cleaners and solvents. Citra-Safe® contains no petroleum distillates, is completely biodegradable and has no known toxic properties.

Application

Electrical components can be effectively cleaned and degreased with Citra-Safe®. D-5600NS will leave no residue and is effective on oils, greases, and other contaminants. In addition, the broad-spectrum cleaning application of Citra-Safe makes it useful in part-washing and degreasing, as well as in diluted applications for general clean-up.

Physical Properties

Specific gravity (H₂O=1): .84
Initial Boiling Point: 340°F
Vapor Pressure (mmHg @25°C): <2
Vapor Density (air=1): 4
Appearance & Odor: Clean with mild citrus odor
Volatile by Volume: > 100%
Flash Point: 132°F (PMCC)
Surface Tension (dynes/cm): >29.8
