

X-450

Description

A clear straw colored liquid with a sweet detergent color.

Application

Aero Clean X-450 is designed for use in carpet extraction machines and manual spot preparation and cleaning. For machine cleaning, use one (1)oz. of X-450 to one (1) gallon of hot water. For manual prespotting, X-450 may be used full strength. For best results, rub cleaner into heavily soiled areas, and let set for several minutes, then clean as usual with carpet extraction machine.

Physical Properties

MilSpec

Other

Features
