## AIRCRAFT CLEANERS & DISINFECTANTS

### JET-BRITE™ 550

### *Product description:* **AIRCRAFT POLISHING PASTE**

#### **APPLICATIONS:**

- ✓ Do not use harsh compounds that can scratch and dull fine finishes
- ✓ Apply **Jet-Brite™ 550** to small sections with a soft cotton cloth or buffing wheel
- ✓ Rub lightly so that the removal of oxide and carbon buildup will be visible
- ✓ Use a clean and soft cotton cloth or buffing wheel to remove the paste while the cloth or buffing wheel is moist
- ✓ Buff to a high luster finish
- ✓ Excellent results can be obtained on leading edges, spinners, windows, galleys, lavatories, hardware, and carbon stained areas
- ✓ **Jet-Brite™ 550** should be applied over new paint only after the paint has fully cured
- ✓ Please consult your paint supplier for guidelines on full cure of the paint to be covered with **Jet-Brite™ 550**
