

# Calla® 800 Military Instruction Manual

## Safety Steps and Procedures To Follow Prior To Applying Calla® 800 Military:

- 1.) Always refer to the safety data sheet (SDS) prior to applying **Calla® 800 Military**.
- 2.) Always wear gloves and eyewear to prevent **Calla® 800 Military** from contacting the eyes and skin.

## Calla® 800 Military Product Information and Benefits:

- 1.) **Calla® 800 Military** is a highly concentrated and versatile water-based cleaner that is an outstanding general aircraft cleaner and exhaust stain removers for use on exterior fuselages, exterior blast areas, landing gears, and wheel wells.
- 2.) **Calla® 800 Military** works well for cleaning wheel wells and landing gears without the use of a solvent.

**Note:** **Calla® 800 Military** cannot be sold or used in Europe due to one or more components in this product that are prohibited in Europe. The alternative for this product that can be used in Europe is **Calla® 804**.

## Procedures For Applying Calla® 800 Military:

### Calla® 800 Military

**Exterior Fuselage (Tail Sections, Wing Tips, Etc.):** Mix **1 part Calla® 800 Military** with **3 to 20 parts** water, depending on the amount of soil; apply by spray or mop; allow a few minutes for penetration before mopping or brushing and rinsing thoroughly.

**Exterior Blast Areas:** Apply **Calla® 800 Military** at full strength and allow 20 to 30 minutes dwell time and brush those areas subject to heavy grease build up. Rinse with high pressure hot water with the nozzle as close as possible to the surface to take advantage of the additional agitation of water pressure.

**Landing Gear & Wheel Wells (Landing Gear):** Mix **1 part Calla® 800 Military** with **2 parts** water; apply by spray or mop; allow a few minutes for penetration before scrubbing heavy deposits; flood rinse with water.

**Waterless Cleaning:** Dilute **Calla® 800 Military** as amount of soil requires in open bucket or barrel. Saturate mop in solution and wring out excess water. Mop the surface thoroughly covering a small area at a time. Rinse with a clean, damp mop.
