Zip-Chem® Aerosol Trigger Sprayer Instruction Manual

Zip-Chem® Aerosol Trigger Sprayer Features and Benefits:

The **Zip-Chem® Aerosol Trigger Sprayer** is an aerosol trigger sprayer that is an ergonomic and convenient solution for using any **Zip-Chem®** aerosol can, contains a trigger sprayer attachment for any **Zip-Chem®** aerosol can, and consists of a convenient collar mechanism opposite the handle which wraps securely around the neck of the **Zip-Chem®** aerosol can.

Zip-Chem® Aerosol Trigger Sprayer Application Procedures And Purposes Of Use:

The **Zip-Chem® Aerosol Trigger Sprayer** is designed to be used with any **Zip-Chem®** aerosol can.

Instructions For Using The Zip-Chem® Aerosol Trigger Sprayer:

- 1.) To attach the trigger sprayer to the aerosol can, move the lever to open the collar of the trigger sprayer.
- 2.) Place the collar over the neck of the aerosol can until it rests firmly on the can and move the lever to close the collar around the neck of the aerosol can.
- 3.) Lift the shield in the collar.
- 4.) While attached to the aerosol can, turn the aerosol can in the trigger sprayer until the opening of the aerosol actuator is positioned at the opening in the collar.
- 5.) Point the **Zip-Chem® Aerosol Trigger Sprayer** in the direction you want to spray, much like a typical spray gun.
- 6.) Pull the trigger and apply the product as directed.
- 7.) To remove the **Zip-Chem® Aerosol Trigger Sprayer**, move the lever into the open position, and pull the trigger sprayer off the top of the aerosol can.
